Copiers, Digital Duplicators & Fax: Equipment, Supplies & Maintenance

Instructions and Information pertaining to the use of this contract

- 1 Options available under this contract are:
 - a. Outright purchase of equipment
 - b. Lease purchase, may be \$1 Buyout, which accrues equity at the end of the specified term or Fair Market Value (FMV), which would require a balloon payment at the end. Be sure to check Lease Purchase Agreement Terms for each vendor before placing lease purchase orders. (Cancellation policies and ownership equity vary by vendor.
 - c. Maintenance of equipment
 - d. Supplies
- 2 Various types of purchase orders may be issued against the contract by each respective school, with no dollar limit.
- 3 The vendor wills hip and bill the material requested on each purchase order directly to the respective school. Only new equipment is to be delivered under this contract except as may be noted in the contract.
- 4 Each purchase order issued against this contract should be marked, "MASSACHUSETTS CONSORTIUM CONTRACT-PHOTOCOPIERS."
- 5 Orders may be phoned in to the vendor of your choice in accordance with the Confirming Order policy of your school. All phone orders must be confirmed in writing and clearly marked, "CONFIRMATION--DO NOT DUPLICATE."
- 6 Use of the contract is left to the discretion of each respective school. No guarantee of volume has been made to the vendors.
- 7 The outright purchase of machines in included in the award.
- 8 Monthly lease purchase shall include complete emergency service and annual preventative maintenance, including drums.
- 9 This contract is based on the following vendors' offerings and attached price lists, which are effective immediately and shall remain firm throughout the term of the contract. Descriptive literature on each make and model is available from each respective vendor.
- 10 We have reviewed all photocopier vendor leases submitted and negotiated changes in the interest of the Membership. If we could not come to agreement with a vendor, their company will not be included for leasing.

The MHEC recommends that all members further review any lease to make sure it is acceptable to your legal counsel. All vendors have been told that schools may exercise this privilege.

Leasing companies treat State Schools as being like IRS 103's. All Private Schools are 501(c)(3) not-for-profit.

STATE SCHOOLS:

- a. All monthly lease and maintenance payments should be made Net 30, in arrears.
- b. The MHEC recommends that all leases be Fair Market Value leases. This reduces your monthly payment. At the end of the lease, if you wish to keep the equipment, there would be a "balloon payment." However, you probably will want to replace old equipment with new technology. If you insist on a \$1 Buyout lease purchase, you will own the equipment at the end.
- c. State schools are prohibited from purchasing insurance on property under Chapter 29, Section 30. The lessor owns the equipment and if they wish to insure their equipment or self insure, they may add the insurance premium to the monthly invoice.
- d. Late payment is governed by Chapter 29, Section 29C and (815 CRR 4.00). The State Controller sets the interest rate and not the vendor or lessor. It is only payable after 45 days from receipt of invoice.
- e. Leases to agencies of the Commonwealth are subject to cancellation at the end of a fiscal year for non-appropriation of funds. A lease so cancelled cannot be replaced with a new lease or purchase of other equipment.
- f. We recommend that the vendor hold the purchase order for the life of the lease even if the lease is assigned to a third party. The vendor should invoice, collect and pay the assignee.
- g. Maintenance service should be included under any lease.
- h. There should be no Security Deposit or first or last month payment under MHEC leases.
- i. The monthly rate should hold for the life of the lease and there should be no escalation. Generally, leases may be for 36, 48 or 60 months.
- j. The lessee will always be the member school and not the MHEC.
- k. If you need to upgrade or trade a machine during the term of the lease, you may do so by refinancing the lease, but ONLY with the same vendor.
- l. Keep tabs on expiration dates. Many leases automatically renew, if not cancelled, by the school 60 or 90 days in advance of expiration.
- m. Governing law should always be the Commonwealth of Massachusetts or the state where equipment is installed.
- n. Hold harmless clauses are unconstitutional in Massachusetts, for they constitute "the pledging of the credit of the Commonwealth," which can ONLY be done by the legislature. You should not agree to pay court costs or attorney's fees
- o. Never sign a lease that says "joint and several" liability.
- p. Some schools' purchase order terms are required by the Federal Government and cannot be superseded by a lease. Do not waive your legal rights.

- q. MHEC members are subject to taxes, only as allowed by law. Vendor may require the signing of the UCC document or opinion of counsel letter.
- r. Vendors hold a lien on their property and may inspect any installation by agreement with the lessee. Do not "move" equipment without notifying the lessor.
- s. You are required to keep the equipment in good repair, reasonable wear and tear acceptable. Do not make third party modifications without approval. Manufacturers' warranties are to apply under the original vendor, even if the paper is assigned.
- t. Make sure those "signing leases" have the authority to do so.

PRIVATE SCHOOLS:

- a. Payments may be made in advance.
 - b. It may be cheaper for you to insure the equipment.
 - c. Late payment interest may be higher, so it should be avoided by making timely payments.
 - d. Leases are not cancelable for the full term. However, see "k" above.
 - e. "p" above will apply to schools doing federal research.
- 11 MHEC Maintenance Terms: All Annual Maintenance Agreements shall include Drums.

How To Use Contract:

- a. Read over the various plans available under the contract from the vendor.
 - b. Determine which plan you wish to use.
 - c. Contact the vendor and request that they send you a signed copy of their Standard Service Agreement to coincide with the plan that you have selected. Review and revise, as necessary for your institution, its terms and have the Agreement countersigned by an authorized person at your institution.
 - d. Make out a purchase order in accordance with the prices, terms and conditions as outlined in this contract. Make sure that you indicate in the body of the purchase order the model number, location (room number and building), the type of plan you have selected and the cost.
- 12 All drums furnished under this contract shall be genuine OEM drums, new or reconditioned.
- 13 The Service Agreements plans are designed to accommodate a specific number of copies or for a period of up to one year, whichever occurs sooner. If you exceed the number of copies allowed under the respective plan before the expiration of the contract term, you will be billed the basic quarterly rate for the remainder of the year, plus the per copy rate for those copies that are in excess of the allotted annual quantity.

Annual maintenance agreements may be cancelled subject to the terms listed under each vendor's contract. Annual maintenance agreement rates may be prorated to pick up new machines that have gone off warranty.

ALL EQUIPMENT DELIVERED UNDER THE CONTRACT IS NEW UNLESS OTHERWISE NOTED IN EACH VENDOR'S SECTION.

- 14 Copies of all leases, including MHEC Lease, are available from Jake Bishop at 413-545-1096.
